

## **REMARKS**

### ***Summary of Amendments***

In the specification for the present application, which is the National Stage of International App. No. PCT/JP2004/011683, several paragraphs have been amended for editorial and technical clarity, and the WIPO-produced abstract has been replaced. No new matter has been added.

In addition, claim 5 has been amended to eliminate the multiple dependency of this claim, and accordingly claim 6, which exactly corresponds to claim 5 except that it depends from claim 4, whereas claim 5 now depends from claim 3, has been newly added.

Favorable action by the Examiner at an early date is solicited.

Respectfully submitted,

April 24, 2006
